Education

Uka Tarsadia University
Bachelor of Engineering (B.E.) Information Technology

Gujarat
2023-2026

Experience

Cyber Intern

I. Prodigy InfoTech

- Developed security-focused projects including a Personal Firewall and Password Security tools.
- Gained hands-on experience in network security, traffic filtering, and cyber threat analysis.
- Implemented secure coding practices and vulnerability assessment techniques.

II. Codec Technologies

- Worked on cybersecurity fundamentals, vulnerability identification, and security awareness tasks.
- Explored network monitoring and system security concepts.
- Participated in practical security exercises and reporting.

III. Oasis InfoByte

- Built security-related applications and automation scripts using Python.
- Strengthened understanding of encryption, authentication, and data protection mechanisms.
- Collaborated on cybersecurity project development and testing.

Projects

I. Personal Firewall

- Description:** Developed a Python-based firewall to monitor and filter incoming/outgoing network traffic.
- Role:** Implemented packet filtering rules, monitored network activity, Blocked suspicious connections.
- Technologies Used:** Python, Socket Programming, Networking.

II. Steganography Tool

- Description:** Built an application to hide and extract confidential messages inside images using steganographic techniques.
- Role:** Implemented message embedding and extraction, Enhanced data confidentiality, Designed secure file handling.
- Technologies Used:** Python, OpenCV, Image Processing.

III. Password Complexity Checker

- Description:** Developed a tool to evaluate password strength and recommend secure password practices.
- Role:** Implemented password analysis algorithms, checked complexity against industry standards, Generated security recommendations.
- Technologies Used:** Python, Regex.

Certification

Cyber Security Internship Certificate – Prodigy InfoTech

- Description:** Completed hands-on cybersecurity projects focused on network security, encryption, and secure coding practices.
- Technologies Used:** Python, Networking, Cryptography, Cybersecurity Fundamentals.

Cyber Security Internship Certificate – Oasis InfoByte

- Description:** Gained practical experience in cybersecurity through real-world security projects and vulnerability analysis.
- Technologies Used:** Python, Network Security, Information Security

Cyber Security Internship Certificate – Codec Technologies

- **Description:** [Describe your project in 1 Line]
- **Technologies Used:** [Mention the TECH STACK used in this project]

Python Programming Certificate

- **Description:** [Describe your project in 1 Line]
- **Technologies Used:** [Mention the TECH STACK used in this project]

Additional

Technical Skills: Python, C, HTML, CSS, JavaScript, MySQL, Git, Linux Basics, Networking Fundamentals, Cybersecurity Fundamentals.

Academic Achievements: Developed multiple cybersecurity projects and gained practical experience through cybersecurity internships and hands-on security tool development.
